

## **FOREWORD**

This handbook is a guide for Mounds High School students, and gives definite information with which each student should be familiar; it will serve as a reference to regulations and policies. It is not meant to cover all situations that might arise. Parents also should use this book to become familiar with the operation of the school.

## **PHILOSOPHY**

We believe education is both a right and a privilege, and that all Mounds Public School students are entitled to grow intellectually, morally, and physically so they can contribute to our democratic society.

Education should prepare students for living by helping them to live resourcefully and intelligently. A lifelong process of development of the individual in self realization, human relationships, economics, efficiency, civic worth, and responsibility, education should prepare students to realize that many human wants are satisfied not by getting the advantage, but by giving one's best to secure human decency, tranquility, peace, and security for self and others.

It is our desire to instill in students the willingness to do their best in all they do.

## **MISSION STATEMENT**

The mission of Mounds High School is to provide our students the opportunity to develop intellectually, morally, and physically so that they may reach their full potential and contribute to the democratic society.

## **EDUCATIONAL GOALS**

The primary function of Mounds High School is to teach our students to use their minds well so they will be prepared for responsible citizenship, lifelong learning, and productive employment.

We want to make students aware of the importance of education and help them succeed in the job market. We hope to provide coursework that allows students to enter an area of study suitable for their abilities. Offerings will include college preparation in mathematics, science, business, and liberal arts, along with vocational education, employment, and concurrent college enrollment. Our guidance program will assist students in discovering and developing their interests and aptitudes.

Other goals will include building foundations for good citizenship, acceptable social behavior, emotional stability, responsibility, self-discipline, confidence, and self esteem.

We are dedicated to academic excellence, and will continue to re-evaluate our methods of instruction, hoping to help students reach their full potential regardless of academic ability. This includes mastery of minimum competencies prescribed in the Priority Academic Student Skills by the Oklahoma Department of Education.

## **ACCREDITATION**

Mounds High School is fully accredited by the Oklahoma State Department of Education.

## GENERAL INFORMATION

### **FROM THE PRINCIPAL**

Welcome back to school! I hope you are all ready to make the most of every minute of every class and every activity you are in at Mounds High School --- you owe it to yourself and to all who help make it possible for you to get a free public education.

Class and professionalism will continue to be points of emphasis at MHS, and will be reflected in high academic and behavioral standards. We also will be placing special emphasis on improving our school climate by reducing intimidation, harassment, and bullying through teaching, counseling, and individual action. Being part of the solution will require responsibility and strength of character from all of us.

You are the pride of your community. Please thank your supporters often, and continue to make them proud in all you do.

Remember that safety is everyone's business, and that a safe school is a more effective school where everyone can have an opportunity to learn. Please continue to lead the way for our school district and help make our campus safe.

Stephen Sturgeon  
Principal

### **THE PLEDGE OF ALLEGIANCE**

I pledge allegiance to the flag of the United States of America and to the republic for which it stands – one nation under God, indivisible with liberty and justice for all.

### **CONTACT INFORMATION**

Mounds Public Schools uses an automated system to call parents to notify them of any information or emergencies. This is done automatically when the student is enrolled. It is very important that you keep the school updated with new phone numbers. Also, the system uses a default number to call – the 1<sup>st</sup> contact listed and the first number is set to default when you register for school.

### **SCHOOL COMMUNICATIONS**

Mounds Public Schools believes that a well informed community is a happy community. Listed below are various ways for our students and parents to keep up with what is happening at Mounds Schools:

Website – [www.moundspss.com](http://www.moundspss.com)

SchoolWay – this is an app for your mobile device that will contain lunch menus, sports schedules, etc. You can even set it to receive important messages from the school. You can find the app for SchoolWay in your app store or go to [www.mychoolway.com](http://www.mychoolway.com).

Remind 101 – This tool allows teachers/administrators the ability to text a group of students without having to use personal cell phones. This keeps the teacher from having student's number and the student from having the teacher's number. Mr. Sturgeon's remind101 information is: text @51932 to 81010.

Gradebook - <http://ok.wengage.com/Mounds> - Please contact the high school secretary for login information. This will keep you informed of your student's academic progress.

### **INCLEMENT WEATHER**

In case of bad weather, tune to radio stations KWEN 95.5, KRMG AM 740/ FM 102.3, KVOO AM 1170, or FM 98.5 before 7:30 a.m.; or watch TV channels 2, 6, or 8.

### **ADMISSIONS**

Students are admitted to Mounds High School on presentation of a certificate of promotion from an accredited eight-year elementary or junior high school or on presentation of a transcript from another accredited high school. Immunization records must be presented at this time.

### **WITHDRAWAL FROM SCHOOL**

## **BRING YOUR OWN DEVICE (BYOD) - GUIDELINES**

Mounds Public Schools uses Instructional Technology to facilitate the creative problem solving, collaboration, and 21st century skills that students will need as responsible citizens in the global community. Students learn collaboration, communication, creativity and critical thinking in a variety of ways throughout the school day. In an effort to increase access to those 21st century skills, Mounds Public Schools is implementing a BYOD program for all high school students at Mounds High School and Mounds Middle School. The BYOD program will allow students to bring personal devices and connect them to the Mounds Guest network to be used for instructional purposes when allowed by the classroom teachers. Students who choose to participate in the BYOD program must follow the Responsible Use Guidelines and the BYOD guidelines.

Mounds Public Schools provides technology that is appropriate and adequate to support instructional purposes. The use of personal devices by students is optional, and students who do not participate in the BYOD program will not be penalized and alternate modes of participation will be available.

An important component of BYOD is education about appropriate online behaviors. Mounds students receive instruction about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response each school year. In addition to the rules outlined in these guidelines, students will be expected to comply with all class and school rules while using personal devices.

### **Device Types:**

For the purpose of this program, the word “devices” will include: laptops, cell phones, smart phones, iPads, iPods, and tablets. Please note that Nintendo DS and/or other gaming devices with Internet access are not permissible at this time.

### **Guidelines:**

- Students participating in the BYOD program must adhere to the Student Code of Conduct, Student Handbook, Responsible Use Guidelines, and all Board policies.
- Each teacher has the discretion to allow and regulate the use of personal devices in the classroom and on specific projects.
- Devices may only be used in classrooms when allowed by the teacher.
- Approved devices must be in silent mode while riding school buses and on school campuses, unless otherwise allowed by a teacher.
- Devices may not be used to cheat on assignments or tests, or for non-instructional purposes (such as making personal phone calls and text/instant messaging).
- Students may not use devices to record, transmit or post photographic images or video of a person, or persons on campus during school activities and/or hours, unless otherwise allowed by a teacher.

- Devices may only be used to access files on computer or Internet sites which are relevant to the classroom curriculum. Games are not permitted, unless otherwise allowed by a teacher.

### **Lost, Stolen, or Damaged Devices:**

Each user is responsible for his/her own digital property, and should treat it and use it responsibly and appropriately. Mounds school takes no responsibility for stolen, lost, or damaged devices, including lost or corrupted data on those devices while on Mounds school property, and will not be liable for the replacement or repair of any personal device. Students are responsible for securing their personal devices and are encouraged to have their name on the outside of the device. Please check with your homeowner's policy regarding coverage of personal electronic devices, as many insurance policies can cover loss or damage.

### **Usage Charges:**

Mounds Public Schools cannot be held responsible for any possible device charges to your account that might be incurred during approved school-related use. Wireless access will be provided through the Mounds-Guest network. Any data and/or SMS/MMS charges will not be reimbursed by Mounds Schools.

### **Network Considerations:**

Users should strive to maintain appropriate bandwidth for school-related work and communications by using the Internet responsibly. All non-school owned devices will use the "Mounds-Guest" wireless network to access the Internet. The use of your personal data plan is not permitted. Using your own wireless provider during school is a violation of school policy and may result in the loss of this privilege. Mounds Schools does not guarantee connectivity or quality of connection with personal devices.

Students and Parents/Guardians acknowledge that

- The school's network filters will be applied to a device's connection to the Internet and any attempt to bypass the network filters is prohibited.
- Students are prohibited from:
  - Bringing a device on premises that infects the network with a Virus, Trojan, or program designed to damage, alter, destroy, or provide access to unauthorized data or information, and
  - Processing or accessing information on school property related to "hacking", altering, or bypassing network security policies.
- Mounds Schools is authorized to collect and examine any device that is suspected of causing technology problems or was the source of an attack or virus infection.
- Printing from personal laptops will not be possible at school.
- Personal devices must be charged prior to school and run on battery power while at school.
- The campus principal and the Director of Technology will make the final determination of what is considered to be inappropriate use of the Mounds computer network. The building principal may

suspend an account or network access at any time. In addition, the administration, faculty, and staff of Mounds Schools may request a user's account be reviewed at any time if inappropriate use is suspected.

## **CLOSED CAMPUS**

Mounds High School is a closed campus. All students must remain on campus during the school day including lunch. The only exemptions to this rule are: attending career-tech classes, Doctor, Dental, Orthodontic, and Counseling appointments or court dates. When students have an appointment, parents must check out their child in writing or contact the school office. Upon returning, please make sure to turn in proof of the appointment attended.

Students may bring their lunch from home in the mornings or they may eat a school lunch. Going off campus for lunch or other errands is NOT allowed nor an excusable absence.

## **ALTERNATIVE EDUCATION**

Alternative education is for students who have struggled to be successful at school. The alternative setting is an alternative learning environment. It is not used as a disciplinary tool. The program is designed for Junior and Senior students. However, a few exceptions will be made in severe cases. A student who needs 6 or more credits to be at their cohort grade level may find the alternative school as an opportunity to "catch up" with his/her class. Students who are interested in the Alternative program need to speak with his/her counselor for the information and availability. If the counselor and student determine that the alternative setting would be beneficial the following procedure will begin:

- Student will fill out application
- There will be an interview with Alternative Education Committee which consists of the principal, counselors, and the Alt Ed teacher. Both the parent/guardian and student shall attend the interview. Based on the interview a student may or may not be admitted to the alternative school.

## **ALTERNATIVE EDUCATION HOURS OF OPERATION AND REGULATIONS**

Alternative school starts promptly at 9:30am. Students are to go straight to the alternative building when they arrive on campus. Alternative students are not to enter other buildings without permission from school administration. Alternative students eat lunch together at 11:40. Students will get a to-go tray and eat lunch in the alternative classroom. Alternative school ends at 2:00pm. Students are to be off campus by 2:05pm. If an alternative student chooses to play a sport, they are to remain with the Alternative Director until the athletic hour begins. They are not allowed to "hang around" campus nor ride the bus home in the afternoons. If a student attends a central tech class, he/she will be released as needed to attend that class.

## **EDGENUITY CLASS**

MHS is offering online courses during the school day. These courses are for students who need only one or two credits to "catch-up" to his/her graduating cohort or students who wish to enroll in a class that is currently not offered at MHS. Students who are interested in this opportunity need to speak with their counselor for further information including available class offerings. Students may be enrolled in this class only one period. However, it is an individual paced course. Students may complete more than one credit in a year.

## **HOME-BASED**

MHS understands that students may not be able to attend school due to physical or mental health reasons. With proper documentation from a certified physician, students may be placed on home-based instruction. Any student who is placed on home-based instruction will pick-up and turn-in assignments every Friday. The counseling office will schedule when and where classroom tests will be taken.

## **EAGLE TIME**

Eagle Time is an advisory and remediation program. Eagle Time is used on the first day of the week to advise students in graduation requirements, career opportunities, and many other items. Students are informed on this day if they currently have a “C” or below in any class. If so, the student will receive their eagle time assignments for the week. For the remainder of the week, student’s who have a “C” or below in any class must report to the assigned class for remediation. Students who did not receive a satisfactory or higher score on last year’s state tests will be assigned remediation for the first six weeks of school.

## **ASBESTOS**

In response to the Asbestos Hazard Emergency Act, P.L. 99-5519, and EPS regulations, we have completed the re-inspection of our buildings that contained asbestos building materials. As a result of that re-inspection, we are pleased to announce that areas that contain asbestos pose no health problems. The management plan and the results of the re-inspection will be available for your viewing during office hours in the office of the Superintendent. Please call for an appointment.

## **CAFETERIA POLICY**

The school cafeteria is maintained as a vital part of the health program of Mounds Schools. To encourage good nutrition, a well-balanced lunch and breakfast are offered at a reasonable price. Meals must be eaten in the lunch room. Prepayments may be deposited to student accounts in the cafeteria before school. Whenever the student eats a meal (breakfast or lunch) it is deducted from the student’s account.

It is our desire that no student go hungry or under-nourished. If it becomes impossible for parents to pay for a student’s meals, the parents should contact the superintendent and proper arrangements can be made. Free or reduced lunch/breakfast prices are available when family income falls within the state income guidelines. Application forms, which include income guidelines, are furnished to students when they enroll and may be picked up in any office during the year. Application forms may be requested from any family any time during the school year should a family’s financial status change. All children may be listed on one application and turned in to the school cafeteria manager.

In order to keep the cafeteria clean, orderly, and inviting, the following rules must be observed:

1. The line should be formed in an orderly manner, students must wait their turn in line and “cutting” in front of other students is not acceptable behavior.
2. Proper manners should be exhibited at all times.
3. Be ready to present your school ID as you go through the line. When you have finished eating, return trays to the dishwashing counter, carefully placing dishes, silverware, trays, and milk cartons in designated places. Place all paper in waste-paper baskets before leaving the cafeteria.
4. Finish your lunch, including candy, ice cream, etc., inside the cafeteria.
5. Remember that the teachers and supervisors are in charge at all times.
6. Do not run or engage in horseplay or other disruptive behavior in the cafeteria.
7. No a la carte charges can be made.

Beginning with the 2006-2007 school year, in order to graduate from an Oklahoma public school, all 9<sup>th</sup> grade students will be required to complete the “college preparatory/work ready curriculum units or sets of competencies” at the secondary level. A student will be allowed to enroll in the core curriculum in lieu of the requirements of the college preparatory /work ready curriculum upon the written approval (opt-out) of the parent or legal guardian of the student. Current state graduation requirements will be deemed to be the “core curriculum” option.

### **The “college preparatory/work ready curriculum” will include the following:**

It is referred to by state and government agencies when information is needed for employment purposes. A transcript of this permanent record will be sent to any college or prospective employer on your request.

## **JOB SHADOWING**

Students who are job shadowing must clear that arrangement through the principal's office before doing so. This is a very worthwhile activity, and with prior clearance through the office, will not be counted as an absence.

## PROGRESS REPORTS AND FAILING NOTICES

Regular progress reports go out the fifth week of every nine-week grading period. Should a parent/ guardian need to track progress more often, requests for supplemental reports should be directed to the principal's secretary. You also may contact your child's teachers via e-mail to set up conferences or discuss your child's class work. Please supply your e-mail address in enrollment information, or look for the teacher's e-mail addresses on course syllabi or other contact information supplied by faculty.

Parents or guardians also may check on student progress via the internet. Contact the High School Secretary at 827-6100, extension 225, for instructions on how to access your child's information.

Report cards go out on the first Wednesday following each nine-week grading period. However, in order to balance the number of days in a semester, it sometimes is necessary to have a ten-week grading period. Refer to the school calendar for details on the end-of-quarter dates.

### GRADING SCALE

**A = SUPERIOR WORK**

**B = ABOVE AVERAGE**

**C = AVERAGE**

**D = BELOW AVERAGE, BUT PASSING**

**F = FAILING**

**I = INCOMPLETE**

*Incompletes must be made up within two weeks of the end of the grading period, at which time the appropriate grade will be posted on the permanent record. All term papers, book reports, and class assignments must be turned in before credit can be allowed, regardless of the grade.*

## SELECTION OF VALEDICTORIAN AND SALUTATORIAN

It is the philosophy of Mounds High School to encourage students to enroll in those courses that challenge even the most academically able student. Students who enroll in these challenging courses are to be compensated with grades that are weighted more than the grades awarded in less academically demanding courses. The basic purpose of the "weighted" grade is to provide an incentive for students to enroll in a program of advanced studies.

- A. All courses taken in the grades 9-12 will be included on the student transcript and will be considered when calculating the grade point average (GPA). Two (2) GPAs will be listed on the transcripts and college applications based on a 4.0 non-weighted scaled and the "weighted" GPA.
- B. For purposes of determining class rank, valedictorian, and salutatorian the following weight systems will be used:

	Weight	Grades

- C. The following designations exist to recognize outstanding achievement at Mounds High School. All students must maintain the college core curriculum.

## ATTENDANCE

Students with more than nine absences (9) per semester in any class will not receive credit for that class. A request to appeal may be filed with the principal and reviewed by the superintendent for final determination. School-sponsored activities do not count as absences from school; however, students must comply with the ten-day activity absence rule. No more than ten (10) days can be missed

for school activities per year. The only exemptions are state and national school-sponsored competitions, interscholastic competitions, or school assemblies.

### **ATTENDANCE AWARDS**

Students with perfect attendance will receive certificates. Any deviation from this will be an administrative decision.

### **ABSENCES**

Valid reasons for absences include personal illness, death in the family, emergencies, or absences approved by the principal in advance. Medical appointments should be scheduled outside the school day. Hair or nail appointments, car problems, parental lateness, oversleeping, or family trips are not valid reasons to be absent.

Parents/guardians will be notified if their child is absent from school. Parents/guardians should notify the principal's office at 827-6100, extension 225, if a student is absent. Parents/guardians will receive excessive absence notifications by mail. Written documentation of student absences will be accepted up to five (5) days after the student returns to school. Other considerations may be excused by the principal.

Pursuant to Title 70 of the Oklahoma Statutes, the district attorney and parents/guardians will be notified when a student's absences have been classified as unexcused for 4 days or for parts of 4 days or more within a grading period.

### **TRUANCY**

Deliberate absence from school is a violation of Oklahoma school law and Mounds Public Schools' district policy, and will be dealt with as follows:

1. First truancy: Student may be required to forfeit the right to participate further in school activities, i.e. clubs, athletics, plays, or any other activity denoted as extracurricular.
2. Second or subsequent truantries: Student may be suspended from school for an indefinite period of time and the student and his parent/guardian must show just cause to school officials for his return to school.

### **TARDIES**

Students are to be in their seats and ready to work when the tardy bell rings; otherwise, they are tardy. Students who are late must have an admit slip to enter class. Students may be assigned detention by the principal for excessive tardies. Three (3) tardies in a given class constitutes one (1) absence.

### **EXEMPTION POLICY**

Students who satisfy the requirements of the exemption policy are eligible to be exempt from semester exams. This is an incentive system for Mounds High School students with excellent attendance. Semester test exemptions are based on the following conditions being met in specific classes for which the semester exam(s) would be taken:

GRADE	ABSENCES	TARDIES
A	3	1
B	2	1

A student who is exempt may take the semester test to attempt to improve his/her semester grade even if he/she falls under the above conditions. Students are not eligible for exemption unless enrolled and in attendance for the full semester at MHS.

### **MAKE-UP WORK**

Assignments missed due to absences must be made up. The teacher will allow one school day per school day missed from class plus one additional school day to complete make-up work.

## **LATE WORK**

Assignments that are turned in late can receive up to a 10% reduction per day late. There can be a maximum of 40% off any late assignment (per teacher discretion). 10 school days after the due date, the teacher may refuse to accept that assignment. Please note: If a due date of an assignment has been posted a month or longer in advance (term paper, project, etc.) this policy does not apply and a zero can be given for that assignment.

## **ADMITS**

Students must secure an admit slip to re-enter class after being absent. This must be obtained before school or during lunch break. Any person who must obtain an admit slip after class begins will be charged with a tardy. Notes will be accepted on the day a student returns to school, but the school reserves the right to check the validity of notes. Parents will be notified of excessive absences. Absences for school activities are not recorded against attendance records. The teacher's record book is official on class absences and tardies.

## **HEALTH AND MEDICAL INFORMATION**

### **IMMUNIZATIONS**

All immunizations must be up-to-date for a student to attend any public school in the state of Oklahoma. Current immunization records must be on file in the principal's office.

### **MEDICATION AT SCHOOL**

It is the policy of the Mounds Board of Education that if a student is required to take medication during school hours and if the parent/guardian can not be at school to administer the medication or if circumstances exist that indicate a nonprescribed medication should be dispensed to a student, the principal or the principal's designee, may administer the medication only as follows:

1. Prescription medication must be in a container that indicates the following:

  - b. *Time to be administered*
  - c. *Whether the medication must be retained by student for self administration*
  - d. *Termination date for administering the medication*
  - e. *Other appropriate information requested by the principal or the principal's designee.*

The parent/guardian of the student also must provide a written statement from the physician treating the student stating that the student has asthma or anaphylaxis and is capable of and has been instructed in the proper method of self-administration of medication. Additionally:
  - a. The parent/guardian must provide the school with an emergency supply of the student's medication to be administered as authorized by state law.
  - b. The school district will inform the parent/guardian of the student, in writing, and the parent/guardian shall sign a statement acknowledging, that the school district and its employees and agents will incur no liability as a result of any injury arising from the self-administration of medication by the student.
  - c. Permission for the self-administration of asthma or anaphylaxis medication is effective for the school year for which it is granted and shall be renewed each subsequent school year upon fulfillment of the above requirements.

- d. A student who is permitted to self-administer asthma medication or anaphylaxis medication shall be permitted to possess and use a prescribed inhaler or anaphylaxis medication at all times.

## **ILLNESS AT SCHOOL**

Students who need to see the school nurse must get a pass from the principal's office before going to the nurse's office. Students should not use a cellular phone or any other phone to call a parent/guardian unless it is medically necessary and authorized in writing by a physician; this written authorization must be on file in the principal's office and denoted on our student information system. If a student has a special need due to some condition such as diabetes, epilepsy, asthma, rheumatic fever, or a heart condition, the principal's office should be notified by the parent/guardian.

Please indicate medications taken by your student on the emergency information section of the enrollment form. This is critical in the event of a medical emergency.

## **DISEASES**

Students suspected of having any communicable disease, or of living with persons thus affected, shall not be permitted to remain in the public schools unless specially authorized by the local department of health or a local doctor. In all cases, the school officials will be governed by the orders of the local health department or doctor or by the county nurse or the State Board of Health.

## **TRANSPORTATION**

### **BUS RIDING INFORMATION**

Transportation will be furnished to and from school if you are out of walking distance from the school. Every student is urged to use this service except when necessity demands you furnish your own transportation.

### **BUS CONDUCT**

The following regulations have been established so each student may enjoy safe and comfortable transportation to and from school. If a student's behavior is of a nature that the driver's attention is diverted or that other students' comfort or safety is infringed upon, that student may be removed. It then becomes the parent's responsibility to transport the student to and from school.

10. Remain seated while the bus is in motion.
11. Failure to follow the rules could result in the following:

  - b. Removal from the bus for a number of days
  - c. Removal from the bus for the remainder of the school year

## **FACILITIES AND SERVICES USE INFORMATION**

### **LOCKERS**

Lockers will be assigned. Please keep lockers clean and neat at all times. The lockers are school property and the school reserves the right to inspect the lockers at any time with or without the student's permission.

Students should not leave any valuables in their lockers. Students should never leave purses in a locker. If a student has something of value that must be brought to school, he or she should check it in at the office until the end of the school day. The school is not responsible for any student that does not follow the above rules.

Students can not change lockers after locker assignments have been made unless the change is approved by the principal's office. Students may need to take books and supplies for more than one class if classes are far away from their lockers. Do not write on or in lockers. Stickers, contact paper, or posters that can not be easily removed or leave a sticky substance behind can not be put on or in lockers. The school is not responsible for items left in lockers or hallways. Under no circumstances will any opened beverages be allowed in students' lockers.

***Having a locker is a privilege  
that can be taken away if abused***

Our library is organized and maintained for your use and convenience. It will be open 15 minutes before and after school and during school hours. The library is closed during lunch and during pep assemblies and other special events. **A hall pass, signed by the teacher, is required for visits during school hours.** A student may have only two books out at any time. Books may be checked out for two weeks, with a two-week renewal privilege.

A fine of five cents per day is charged for overdue books. Overdue books must be turned in and fines paid before another book can be checked out. Each borrower is held responsible for all books checked out in his name and for all fines occurring on the same.

## **STUDENT BEHAVIOR**

### **STUDENT EXPECTATIONS**

The Mounds Board of Education believes that the school's primary goal is to educate, not to discipline. However, education includes establishing norms of social behavior and assisting students in understanding and attaining those norms. Occasionally, corrective actions are necessary for the benefit of the individual and the school. The teacher in a public school has the same rights as a parent/guardian to control and discipline a child while the child is in attendance, in transit to or from the school, or participating in any authorized school function. Further, it is the policy of the district that students may be disciplined for any misconduct related to the programs or activities of the district.

Each student shall be treated in a fair and equitable manner. Disciplinary action will be based on a careful assessment of the circumstances surrounding each infraction. The following are some examples of these circumstances:

- ✓ The seriousness of the offense
- ✓ The effect of the offense on other students
- ✓ Whether the offense is physically or mentally injurious to other people
- ✓ Whether the incident is isolated or habitual behavior
- ✓ The manifestation of a disability
- ✓ Any other circumstances which may be appropriately considered

Standards of behavior for all members of society are generally a matter of common sense.

The following examples of behavior are not acceptable in society generally and in a school environment particularly. The involvement of a student in the kind of behavior listed below will generally require remedial or corrective action.

These examples are not intended to be exhaustive and the exclusion or omission of unacceptable behavior is not an endorsement or acceptance of such behavior. When, in the judgment of a teacher or administrator, a student is involved or has been involved in unacceptable behavior, appropriate remedial or corrective action will be taken.

1. Unexcused lateness to school
2. Unexcused lateness to class
3. Cutting class
4. Leaving school without permission
5. Refusing detention
6. Smoking/Tobacco Use – Including the use of “e-cigarettes”
7. Truancy
8. Possessing or using alcoholic beverages or other mood-altering chemicals
9. Stealing
10. Forgery, fraud, or embezzlement
11. Assault - physical and/or verbal
12. Fighting
13. Possession of weapons or other items with the potential to cause harm
14. Distributing obscene literature
15. Destroying/defacing school property
16. Racial discrimination including racial slurs or other demeaning remarks concerning another person’s race, ancestry, or country of origin and directed toward another student, an employee, or a visitor
17. Sexual harassment
18. Gang related activity or action

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers, and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. Saturday School
4. In-school placement
5. Detention
6. Referral to counselor
7. Behavioral contract
8. Changing student’s seat assignment or class assignment
9. Requiring a student to make financial restitution for damaged property
10. Requiring a student to clean or straighten items or facilities damaged by the student.
11. Restriction of privileges
12. Involvement of local authorities
13. Referring student to appropriate social agency
14. Suspension
15. Other appropriate disciplinary action as required and as indicated by the circumstances

Parents, guardians, and students residing in this school district also are advised by means of this policy statement and by the student handbook that students in this district shall have no reasonable expectation of privacy rights towards school officials, in school lockers, desks, or other school property. School personnel shall have access to school lockers, desks, and other school property at any time and no reason shall be necessary for such search. Student property may be searched with reasonable suspicion. Teachers, parents, guardians, and students are invited and encouraged to participate in the formulation of disciplinary policies, rules, and regulations by suggesting to administrators appropriate means of discipline for specific infractions.

## **SUSPENSION OF STUDENTS**

In accordance with the policy of the board of education, the following regulations will govern the suspension of students from school. The authority to suspend a student from a school in the school district is delegated to the respective building principals.

- Any act which disrupts the academic atmosphere of the school, endangers or threatens fellow students, teachers, or officials, or damages property.

## **SUSPENSIONS AND SCHOOL ACTIVITIES**

While under suspension, students are not allowed to attend or participate in any school activities.

## **SATURDAY SCHOOL**

Mounds High School utilizes Saturday School program as a disciplinary tool for students whose behavior warrants a consequence. The purpose of Saturday School is to provide a consequence while still allowing a student to continue in his/her studies without loss of grades. Saturday School is a mandatory consequence when assigned. Neither students nor parents have the right to refuse placement in Saturday School. All regular school rules and regulations apply as well. Failure to comply with Saturday School rules will result in further consequences. Saturday School will run from 8:00 am-12:00pm. It is the parent/guardian responsibility to provide transportation to and from Saturday School. Students must be present at 8:00 am and picked up by 12:05 pm the day they have Saturday School assigned. Failure to show up to Saturday School will result in disciplinary action. Parents/guardians will be notified by written form when a student has been assigned Saturday School.

## **IN-SCHOOL PLACEMENT**

The purpose of in-school placement is to provide students with an alternative to short term out-of-school suspension. In-school placement (ISP) will be imposed by the principal. Both the student and the parents will be notified of the placement, the grounds thereof, and the right to appeal the placement to the principal.

The classroom teacher will prepare written lesson assignments for each student given in-school suspension placement and will furnish any necessary special materials. The lesson assignments will be such that will require written responses and will be turned in daily to the teacher. The student will receive full credit for work completed and will not be recorded absent.

The following rules apply to in-school placement:

- 1) The length of placement will be a minimum period determined by the principal. The period of placement may be extended at the discretion of the ISP instructor with the concurrence of the principal. Such extension will be made only after careful evaluation of the student's behavior.
- 2) Students who are assigned to ISP will bring necessary books and materials for each class the student has.
- 3) Students must report directly to ISP after arriving at school.
- 4) Any absences from ISP must be explained by telephone or in person by the parents to the ISP instructor or principal. Notes will not be accepted. Unexcused absences, as determined by the principal, will result in additional disciplinary action.

In accordance with the policy of the board of education, the superintendent, principal, teacher, or security personnel (authorized personnel) may detain and search any student(s) on the premises of the public schools, or while attending or while in transit to any event or function sponsored or authorized by the school only under the following conditions:

- 1) When any authorized person has reasonable suspicion that the student may have on the student's person or property alcohol, dangerous weapons, controlled dangerous substances as defined by law, stolen property if the property in question is reasonably suspected to have been taken from a student, school employee, or the school during school activities, or any other items which have been or may reasonably be disruptive of school operations or in violation of student discipline uses.
- 2) School lockers and school desks are the property of the school, not the student. Students have no expectation of privacy concerning lockers, desks, or other school property. The users of lockers, desks, and other storage areas or compartments have no reasonable expectation of privacy from school employees as to the contents of those areas. Lockers, desks, and other storage areas or compartments may be subjected to searches at any time with or without reasonable suspicion. Students are not to use any school area or property to contain any item that should not be at school. Students shall not exchange lockers or desks or use any lockers or desks other than those assigned to them by the principal.
- 3) Authorized personnel conducting a search shall have authority to detain the student (s) and to preserve any contraband seized.
- 4) Items that may be seized during a lawful search, in addition to those mentioned in paragraph 1 above, shall include, but not be limited to, any item, object, instrument, or material commonly recognized as unlawful or prohibited. For example: prescription or non prescription drugs, switchblades, brass knuckles, billy clubs, and pornographic literature are commonly recognizable as unlawful or prohibited items. Such items, or any other items which may pose a threat to a student, the student body, or other school personnel, may be seized, identified as to ownership, and held for release to proper authorities.
- 5) Any student found to be in possession of dangerous weapons, controlled dangerous substances, or other unlawful or prohibited items may be suspended by the superintendent for a period not to exceed the current school semester and the succeeding semester. - 6) If a student's dress/grooming is objectionable, the principal will ask the student to make appropriate corrections. Any parent /legal guardian of a student desiring accommodation on the basis of a religious or health requirement must notify the school principal in writing of the requested accommodation and the factual basis for the request. Approved coverings worn, as part of a student's bona fide religious practices or beliefs will not be prohibited under the policy.

## **“DRUG FREE SCHOOLS” POLICY**

## **BULLYING**

It is the policy of Mounds Schools that bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, as school sponsored activities, or at school sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the Mounds Schools. Bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.

As used in the School Safety and Bullying Prevention Act, “bullying” means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or groups and is communicated in such a way as to disrupt or interfere with the school’s educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternative of corrective actions, the faculty/administration of Mounds Schools will consider those listed below. However, the school is not limited to these alternative methods, nor does the list reflect an order of sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriated remedial or corrective action in each instance:

2. Conference with parents
3. In-School Placement
4. Detention

5. Referral to counselor
6. Behavioral contract

Other appropriate disciplinary action as required and as indicated by the circumstance which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

Harassment set forth above may include, but is not limited to, the following:

1. Verbal, physical, or written harassment or abuse;
2. Repeated remarks of a demeaning nature;
3. Implied or explicit threats concerning one's grades , achievements, etc.;
4. Demeaning jokes, stories, or activities directed at a student;

3. Establishment of adequate measures to provide confidentiality tin the complaint process;
4. Initiation of appropriate corrective actions;
5. Identification and enactment of methods to prevent reoccurrence of the harassment; and
6. A process where the provisions of this policy are disseminated in writing annually to all staff and students.

## **PROHIBITING HARASSMENT, INTIMIDATION AND BULLYING (INVESTIGATIVE PROCEDURES)**

The following procedures will be used by any person for the filing, processing, and resolution of a reported incident of harassment, intimidation, bullying, or threatening behavior. The procedures are to be followed by the administration of the school district in an effort to determine the severity of the incident and the potential to result in future violence.

### Definitions

"Bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or groups and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

“Electronic communication” means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless communication device, or a computer.

“Threatening behavior” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

### Procedures

The procedure for investigation reported incidents of harassment, intimidation, and bullying or threatening behavior, is as follows:

1. The matter should immediately be reported to the building principal. If the bullying involved an electronic communication, a printed copy of the communication as well as any identifying information such as email address or web address shall be provided to the building principal. As much detailed information as possible should be provided to the building principal in written form to allow a thorough investigation of the matter.
2. Upon receipt of a written report, the building principal shall contact the superintendent and begin an investigation to determine the severity of the incident and the potential for future violence.
3. If, during the course of the investigation, it appears that a crime may have been committed, the building principal and/or superintendent shall notify local law enforcement and request that the alleged victim also contact law enforcement to report the matter for potential criminal investigation.
4. If it is determined that the school district’s discipline code has been violated, the building principal shall follow district policies regarding the discipline of the student. The building principal shall make a determination as to whether the conduct is actually occurring. If it is determined that an act of bullying has occurred, a referral will be made to a delinquency prevention and diversion program administered by the Office of Juvenile Affairs.
5. Upon completion of the investigation, the principal or superintendent may recommend that available community mental health care substance abuse or other counseling options be provided to the student, if appropriate. This may include information about the types of support services available to the student bully, victim, and any other students affected by the prohibited behavior. If such a recommendation is made, the administrator shall request disclosure of any information that indicates an explicit threat to the safety of students or school personnel provided the disclosure of information does not violate the provisions or requirements of the Family Education Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of Oklahoma Statutes, or any other state or federal laws relating to the disclosure of confidential information.
6. Upon Completion of an investigation, timely notification shall be provided to the parents or guardians of a victim of documented verified bullying. This information should be provided within 10 days of the conclusion of the investigation.
7. Upon Completion of an investigation, timely notification shall be provided to the perpetrator of the documented and verified bullying. This information should be provided within 10 days of the conclusion of the investigation.

Reports may be made anonymously. However, no formal disciplinary action shall be taken solely on the basis of an anonymous report. Reports shall be made immediately to the building principal by any school employee that has reliable information that would lead a reasonable person to suspect that a person is a target of bullying.

The superintendent shall be responsible for enforcing this policy. The building principal should notify the superintendent within twenty-four (24) hours of any report of bullying. Upon completion of an investigation, the building principal should notify the superintendent of the findings of the investigation. Documentation should also be provided to the superintendent to establish that timely notification was provided to the parents and victim and the parents of the perpetrator.

## **WEAPONS-FREE SCHOOLS**

It is the policy of this school district to comply fully with the Gun-Free Schools Act.

Any student in this school district who uses or possesses a firearm at school, at any school-sponsored event, or in or upon any school property including school transportation or school-sponsored transportation may be removed from school for one full calendar year or longer. The superintendent or designee may modify the provisions of this policy on a case-by-case basis. However, any substantial modification must be reported to the board of education at its next meeting.

Firearms are defined in Title 18 of the United States Code, Section 921, as:

- a) Any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive
- b) The frame or receiver of any such weapon
- c) Any firearm muffler or firearm silencer
- d) Any destructive device including any explosive, incendiary or poison gas, bomb, grenade, rocket having a propellant charge of more than four-ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or any device similar to the above.

Oklahoma Statutes, Title 21, Section 1280.1 prohibits any person to have in such person's possession on any public or private school property or while in any school bus or vehicle used by any school for transportation of students or teachers any firearm or weapon as defined in Title 21, Section 1272, below:

"...any pistol, revolver, shotgun, or rifle whether loaded or unloaded, or any dagger, bowie knife, dirk knife, switchblade knife, spring-type knife, sword cane, knife having a blade which opens automatically by hand pressure applied to a button, spring, or other device in the handle of the knife, blackjack, loaded cane, billy, hand chain, metal knuckles, or any other offensive weapon, whether such weapon is concealed or unconcealed."

Students with disabilities are subject to this policy and will be disciplined in accordance with the Individuals with Disabilities Act and Section 504 of the Rehabilitation Act. If the violation is found by the student's IEP team to be unrelated to the student's disability, the student may be suspended for up to 45 calendar days at the discretion of the superintendent, If the student's IEP team determines that the violation is related to the student's disability, the student may be suspended for up to ten (10) days and placed up to 45 days in an alternative educational setting. The school district must take immediate steps to remedy any deficiencies found in the child's IEP or placement, or the implementation of the IEP. The child must be placed in an appropriate setting determined by the IEP team and continue to receive special education and related services.

An exception to this policy may be made for students participating in an authorized extracurricular activity or team involving the use of firearms or archery equipment.

Any student who violates this policy will be subject to discipline which may include suspension for the remainder of the semester and the entire succeeding semester or up to one full calendar year or longer ( for firearms) or for any term less than one calendar year (for weapons other than firearms) as determined by the superintendent or the superintendent's designee. Disciplinary action will be determined on a case-by-case basis.

## **SEXUAL HARASSMENT**

The policy of this school district forbids discrimination against or harassment of any students on the basis of sex. The Board of Education will not tolerate sexual harassment by any of its employees or students. This policy applies to all students and employees, including non-employee volunteers whose work is subject to the control of school personnel.

For the purpose of this policy, sexual harassment includes:

- Verbal or physical sexual advances, including subtle pressure for sexual activity.
- Touching, pinching, patting, or brushing against another individual.
- Comments regarding physical or personality characteristics of a sexual nature.
- Sexually-oriented “kidding,” “teasing,” double meanings and jokes.

It is the express policy of the Board of Education to encourage student victims of sexual harassment to come forward with such claims. This may be done through the Sexual Discrimination Grievance policy. The Office of Civil Rights relies on school administrators’ judgment and common sense in meeting the requirements of the federal law.

Students who feel that administrators, supervisors, support personnel, teachers, or other students are subjecting them to sexual harassment are encouraged to report these conditions, or have their parents report these conditions.

Every attempt will be made to maintain confidentiality; however, absolute confidentiality cannot be guaranteed because of due process concerns, which arise in sexual harassment investigations. No reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.

Any student found to have engaged in sexual harassment of other students will be subject to sanctions, including, but not limited to warning, suspension or other appropriate punishment subject to applicable procedural and due process requirements.

## **EXTRA-CURRICULAR ACTIVITIES**

### **WHO MAY REPRESENT MOUNDS HIGH SCHOOL**

Any regularly enrolled student who has attended at least 80% of the days school has been in session, who is passing in all subjects on a weekly basis, and who is not under discipline from the office, may represent Mounds High School in any athletic or academic contest. Any student who has been dismissed from class because of misconduct, or who shows bad sportsmanship on the campus or in contest, or who, by consensus of the faculty or in the opinion of the principal, would be a discredit to the school, is said to be under discipline from the office.

### **SCHOLASTIC ELIGIBILITY**

It is the policy of the Mounds Public Schools to adhere to the eligibility requirements for extra-curricular activities for students as outlined by the Oklahoma Secondary School Activities Association (OSSAA). These guidelines include but are not limited to the following:

- A student enrolled at Mounds Public Schools must be passing in all subjects/classes he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in on the day of the grade check, he/she will be placed on probation for the next one-week period. If a student is still failing one or more classes during the next week on the grade check day, he/she will be ineligible

to participate in any extra-curricular activities during the next one-week period. The ineligibility periods will begin on Monday and end on Sunday.

- A student who has lost eligibility must be passing all subjects/classes in order to regain eligibility. A student regains eligibility with the first class of the new one-week period (Monday-Sunday).
- A senior student may maintain eligibility if he/she is passing all classes required for graduation.
- Incomplete grades will be considered to be the same as failing grades in determining scholastic eligibility. School administrators are authorized to make exceptions to this provision if the incomplete grade was caused by unavoidable hardship. A maximum of two weeks is allowed for make-up work at the end of the semester.

For a complete description of requirements, refer to the OSSAA Administrators Handbook.

## **STUDENT CLUBS AND ORGANIZATIONS**

### **CLASS ORGANIZATIONS**

Class meetings will be held early in the school year for election of officers. Class officers must have a “B” average for the preceding semester. Sponsors will be appointed by the administration.

### **CLASS AND CLUB ACTIVITIES**

All activities planned by individual groups are sponsored by teachers appointed by the principal. Only members of the organizations should attend these activities. All sponsors must be present, if at all possible, at every activity planned by the group. No recognized meeting of a class or club can occur without one or more sponsor present. Any school organization or class desiring to have a social activity should first check with the principal. Upon approval, the event will be entered on the school calendar. The organization or class must have this activity scheduled at least a week before it is to take place. School activities should not be scheduled on Wednesday nights.

### **TRIPS**

All trips must have prior approval of the administration. Students going on activity trips are required to have written parental approval with emergency medical release, an approved adult driver in each vehicle and an approved chaperone with the group. When transportation is arranged for a group, every member of the group is expected to go and return with the group. A student not returning with the group may be released only to the parents in person and no one else unless previous arrangements have been made with the trip’s sponsor.

When the trip involves the absence of a student from school, the principal or sponsor may prohibit any student from participation in any activity at any time.

### **ASSEMBLIES**

Various school groups for the education and entertainment of students will present assemblies. The details of each assembly are announced by special bulletin. The following rules are to be followed at all assembly programs.

- 1) Students are accompanied and supervised at all assembly programs by teacher.
- 2) Students are to walk to and from the assembly program in an orderly fashion.
- 3) Audiences are to show their approval or commendation by applause. This means that there will be no whistling, booing, or excessive noises made during the assembly. Please extend courtesy at all times to the performers.
- 4) Students who demonstrate improper behavior at any time will lose the privilege of attending assemblies. These students will be assigned to a specific room for special supervision.

## **IMPORTANT INFORMATION**

### **FERPA RIGHTS**

On August 1, 1991, the School Board of Mounds Public Schools adopted a student records policies and procedures policy for the school district. This policy is designed to meet the provisions of the Family Educational Rights and Privacy Act (FERPA). A copy of this policy will be kept in the superintendent's office and each principal's office. Copies may be obtained at the superintendent's office,

In the course of a child's education, the Mounds School District will keep records as deemed necessary to provide programs to meet his/her needs. These records will be available for such review at any time during the regular school day. If you have any concern regarding the accuracy or

appropriateness of any information or record maintained by the school, please do not hesitate to inform your child's principal of the concern.

It is the right of a student's parents or an eligible student to seek to correct parts of the student's education record which he/she believes to be inaccurate, misleading, or in violation of the student's rights. This right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the student records, policies, and procedures policy.

It is the intent of the Mounds School District to limit the disclosure of the information contained on a student's educational records except:

- 1) By the prior written consent of the student's parent or the eligible student. Violation of any of the above rules of good conduct will result in disciplinary action.
- 2) As directory information.
- 3) Under certain limited circumstances, as permitted by FERPA.'

The Mounds School District proposes to designate the following personally identifiable information contained in a student's education record as "directory information," and it will disclose that information without prior written consent:

- 1) Student's name
- 2) Name of student's parents
- 3) Student's address
- 4) Student's photograph
- 5) Student's date of birth
- 6) Student's class designation, i.e. first grade, etc.
- 7) Student's extra-curricular participation
- 8) Student's achievement awards or honors
- 9) Student's weight/height if on an athletic team
- 10) The school the student attended before he/she enrolled in the district.

If a parent or eligible student wishes to refuse the release of this directory information, he/she has two weeks to submit in writing this refusal. This request should be submitted to the building principal.

In case a parent of a student, a student or former student 18 years old, or a citizen of the Mounds School District believes that the district is violating the Family Education Rights and Privacy Act (FERPA), that person has a right to file a complaint with the U.S. Department of Education.

The address is:

The Family Educational Rights/Privacy Act Office  
U.S. Department of Education  
Switzer Building Room 4511  
Washington, D.C. 20202

The telephone number is:  
(202) 732-2058

## **DIRECTORY INFORMATION NOTICE**

The Family Educational Rights and Privacy Act (FERPA) requires the School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the School District to include this type of information from your child's education records in certain school publications, including:

- A Playbill, showing your student's role in a drama production
- The annual yearbook

- The honor roll or other recognition list.
- Graduation programs
- Sports activity sheets, such as for football, showing weight and height for team members.

Directory information, which is information that generally is not considered harmful or an invasion of privacy if released, also can be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws required local educational agencies (LEA's) receiving assistance under the Elementary and Secondary Educational Act of 1965 to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone listings – unless parents have advised the LEA that they did not want their student's information disclosed without their prior written consent.

The school district has designated the following information as “directory information,” and it will disclose that information without prior written consent:

- Student's name
- Names of student's parents
- Student's address
- Student's telephone listing
- Student's e-mail address
- Student's date and place of birth
- Student's dates of attendance
- Student's grade level, i.e. freshman, sophomore, etc.
- Student's participation in officially recognized activities and sports
- Student's degrees, honors, and awards received
- Student's weight and height, if a member of an athletic team
- Student's photograph
- The most recent educational agency or institution attended

Within the first three weeks of each school year, the School District will publish in a student handbook the above list or a revised list of the items of directory information it proposes to designate as directory information.

After the parents of eligible students have been notified, they will have two weeks to advise the School District in writing (a letter to the Superintendent of Schools office) of any or all of the items they refuse to permit the School District to designate as directory information about that student.

At the end of the two week period, each student's records will be appropriately marked by the records custodian to indicate the items the School District will designate as directory information about that student. This designation will remain in effect for that school year or until it is modified by the written direction of the student's parent or the eligible student.

It is the intent of the District to ensure that students who are handicapped with the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services.

Students may be handicapped under this policy even though they do not require services pursuant to the Individuals with Disabilities Education Act (IDEA). The Act defines a person with a handicap as anyone who:

- 1) Has a mental or physical impairment which substantially limits one or more major life activities (major life activities such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working
- 2) Has a record of such an impairment
- 3) Is regarded as having such an impairment

## **ACTIVITY STUDENT DRUG TESTING POLICY**

The Mounds Board of Education in an effort to protect the health and safety of its extra-curricular activities students from illegal and/or performance-enhancing drug use and abuse, thereby setting an example for all other students of the Mounds Public School District, proposes to adopt the following policy for drug testing of activity students.

### **STATEMENT OF PURPOSE AND INTENT**

Although the Board of Education, administration, and staff desire that every student in the Mounds Public School district refrain from using or possessing illegal drugs, district officials realize that their power to restrict the possession or use of illegal and performance-enhancing drugs is limited. Therefore, this policy governs only performance-enhancing and illegal drug use by students participating in certain extra-curricular activities. The sanctions imposed for violations of this policy will be limitations solely upon limiting the opportunity of any student determined to be in violation of this policy to a student's privilege to participate in extra-curricular activities. No suspensions from school or academic sanctions will be imposed for violations of this policy. This policy supplements and complements all other policies, rules, and regulations of the Mounds Public School District regarding possession or use of illegal drugs.

Participation in school-sponsored interscholastic extra-curricular activities at the Mounds Public School District is a privilege. Students who participate in these activities are respected by the student body and are representing the school district and the community. Accordingly, students in extra-curricular activities carry a responsibility to themselves, their fellow students, their parents, and their school to set the highest possible examples of conduct, sportsmanship, and training, which includes avoiding the use or possession of illegal drugs.

The purposes of this policy are five-fold:

1. To educate students of the serious physical, mental, and emotional harm caused by illegal drug use.
2. To alert students with possible substance abuse problems to the potential harms that drug use poses for their physical, mental, and emotional well-being and offer them the privilege of competition as an incentive to stop using such substances.
3. Ensure that students adhere to a training program that bars the intake of illegal and performance enhancing drugs.
4. To prevent injury, illness, and harm for students that may arise as a result from illegal and performance enhancing drug use.
5. To offer students practices, competition, and school activities free of the effects of illegal and performance-enhancing drug use.

Illegal and performance-enhancing drug use of any kind is incompatible with the physical, mental, and emotional demands placed upon the participants in extra-curricular activities and upon the positive image these students project to other students and to the community on behalf of the Mounds Public School District. For the safety, health, and well-being of students in extra-curricular activities the Mounds Public School District has adopted this policy for use by all participants in interscholastic extra-curricular activities in grades 7-12.

The administration may adopt regulations to implement this policy.

## I. Definitions

“Activity Student” means a member of any middle school or high school Mounds Public School District sponsored extra-curricular organization which participates in interscholastic competition. This includes any student that represents Mounds Schools in any extra-curricular activity in interscholastic competition such as FFA, FHA, Academic Team, Band, Vocal, Pom Pom, Cheerleader, and Athletics.

“Drug use test” means a scientifically substantiated method to test for the presence of illegal or performance-enhancing drugs or the metabolites thereof in a person's urine.

“Random Selection Basis” means a mechanism for selecting activity students for drug testing that:

- A. results in an equal probability that any student from a group of activity students subject to theselection mechanism will be selected, and
- B. does not give the School District discretion to waive the selection of any activity student selected under the mechanism.

"Illegal drugs' means any substance which an individual may not sell, possess, use, distribute, or purchase under either Federal or Oklahoma law. "Illegal drugs' includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled Dangerous Substance Act, all prescription drugs obtained without authorization, and all prescribed and over-the-counter drugs being used for an abusive purpose. "Illegal drugs' shall also include alcohol.

"Performance-enhancing drugs' include the anabolic steroids and any other natural or synthetic substance used to increase muscle mass, strength, endurance, speed, or other athletic ability. The term “performance enhancing drugs' does not include the dietary or nutritional supplements such as vitamins, minerals, and proteins which can be lawfully purchased in over-the-counter transactions.

“Positive' when referring to a drug use test administered under this policy means a toxicological test result which is considered to demonstrate the presence of an illegal or a performance-enhancing drug or the metabolites thereof using the standards customarily established by the testing laboratory administering the drug use test.

Drug test policy cont'd.

"Reasonable Suspicion' means a suspicion of illegal or performance-enhancing drug use based on specific observations made by coaches/administrators/sponsors of the appearance, speech, or behavior of an activity student; the reasonable inferences that are drawn from those observations; and/or information of illegal or performance-enhancing drug use by an activity student when supplied to school officials by other students, staff members, or patrons.

## II. Procedures

Each activity student shall be provided with a copy of the “Student Drug Testing Consent Form' which shall be read, signed, and dated by the student, parent or custodial guardian, and coach/sponsor before such student shall be eligible to practice or participate in any extra-curricular activities. The consent

requires the activity student to provide a urine sample: (a) as part of the student's annual physical or for eligibility for participation; (b) when the activity student is selected by the random selection basis to provide a urine sample; and (c) at any time when there is reasonable suspicion to test for illegal or performance-enhancing drugs. No student shall be allowed to practice or participate in any extra-curricular activities involving interscholastic competition unless the student has returned the properly signed "Student Drug Testing Consent Form."

Prior to the commencement of drug testing each year an orientation session will be held with each Activity Student to educate them of the sample collection process, privacy arrangements, drug testing procedures, and other areas which may help to reassure the activity student and help avoid embarrassment or uncomfortable feelings about the drug testing process.

Each Activity Student shall receive a copy of the Activity Student Drug Testing Policy. The head coach or sponsor shall be responsible for explaining the Policy to all prospective students, and for preparing an educational presentation to acquaint the student with the harmful consequences of drug and alcohol use and abuse.

All Activity Students will be required to provide a urine sample before the student may participate in an extra-curricular activity covered under this policy. A student who moves into the district after the school year begins will have to undergo a drug test before they will be eligible for participation.

Drug use testing for Activity Students will also be chosen on a random selection basis monthly from a list of all Activity Students who are involved in off-season or in-season activities. The Mounds Public School District will determine a monthly number of student names to be drawn at random to provide a urine sample for drug use testing for illegal drugs or performance-enhancing drugs.

In addition to the drug tests required above, any Activity Student may be required at any time to submit to a test for illegal or performance-enhancing drugs, or the metabolites thereof when an administrator, coach, or sponsor has reasonable suspicion of illegal or performance-enhancing drug use by that particular student.

Any drug use test will be administered by or at the direction of a professional laboratory chosen by the Mounds Public School District. The professional laboratory shall be required to use scientifically validated toxicological testing methods, have detailed written specifications to assure chain of custody of the specimens, and proper laboratory control and scientific testing.

All aspects of the drug use testing program, including the taking of specimens, will be conducted so as to safeguard the personal and privacy rights of the student to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure. In particular, the specimen must be collected in a restroom or other private facility behind a closed stall. The principal/athletic director shall designate a coach, sponsor, or school employee of the same sex as the student to accompany the student to a restroom or other private facility behind a closed stall. The monitor shall not observe the student while the specimen is being produced, but the monitor shall be present outside the stall to listen for the normal sounds of urination in order to guard against tampered specimens and to insure an accurate chain of custody. The monitor shall verify the normal warmth and appearance of the specimen. If at any time during the testing procedure the monitor has reason to believe or suspect that a student is tampering with the specimen, the monitor may stop the procedure and inform the principal/athletic director who will then determine if a new sample should be obtained. The monitor shall give each student a form on which the student may list any medications legally prescribed

for the student he or she has taken in the preceding thirty (30) days. The parent or legal guardian shall be able to confirm the medication list submitted by their child during the twenty-four (24) hours following a drug test. The medication list shall be submitted to the lab in a sealed and confidential envelope and shall not be viewed by district employees.

An initial positive test result will be subject to confirmation by a second and different test of the same specimen. The second test will use the gas chromatography/ mass spectrometry technique. A specimen shall not be reported positive unless the second test utilizing the gas chromatography/ mass spectrometry procedure is positive for the presence of an illegal drug or the metabolites thereof. The unused portion of a specimen that tested positive shall be preserved by the laboratory for a period of six (6) months or the end of the school year, whichever is shorter. Student records will be retained until the end of the school year.

## II. Confidentiality

The laboratory will notify the principal/athletic director or designee of any positive test. To keep the positive test results confidential, the principal/athletic director or designee will only notify the student, head coach/sponsor, and the parent or custodial guardian of the student of the results. The Drug test policy cont'd.

principal/athletic director or designee will schedule a conference with the student and parent or guardian and explain the student's opportunity to submit additional information to the principal/athletic director or to the lab. The Mounds Public School District will rely on the opinion of the laboratory which performed the test in determining whether the positive test result was produced by something other than consumption of an illegal or performance-enhancing drug.

Test results will be kept in files separate from the student's other educational records, shall be disclosed only to those school personnel who have a need to know, and will not be turned over to any law enforcement authorities.

## III. Appeal

An Activity Student who has been determined by the principal/athletic director to be in violation of this policy shall have the right to appeal the decision to the Superintendent or his/her designee(s). Such request for a review must be submitted to the Superintendent in writing within five (5) calendar days of notice of the positive test. A student requesting a review will remain eligible to participate in any extra-curricular activities until the review is completed. The Superintendent or his/her designee(s) shall then determine whether the original finding was justified. No further review of the Superintendent's decision will be provided and his/her decision shall be conclusive in all respects. Any necessary interpretation or application of this policy shall be in the sole and exclusive judgment and discretion of the Superintendent which shall be final and non appealable.

## IV. Consequences

Any activity student who tests positive in a drug test under this policy shall be subject to the following restrictions:

### A. For the First Offense:

The parent/guardian will be contacted immediately and a private conference will be scheduled to present the test results to the parent/guardian. A meeting will then be set up with the student, parent/guardian, athletic director, and principal concerning the positive drug test. In order to continue participation in the activity the student and parent/guardian must, within five (5) days of the joint meeting show proof that the

student has reviewed drug counseling from a qualified drug treatment program or counseling entity. Additionally, the student must voluntarily submit to a second drug test to be administered within two (2) weeks in accordance with the testing provisions of this policy.

If parent/guardian and student agree to these provisions, the student will continue to participate in the activity. Should the parent/student not agree to these provisions the consequences listed in this policy for the second offense will be imposed.

**B. For the Second Offense:**

Suspension from participation in all activities covered under this policy for (14) calendar days, and successful completion of four (4) hours of substance abuse education/counseling provided by the school. The student may not participate in any meetings, practices, scrimmages, or competitions during this period. The student will be randomly tested monthly for the remainder of the school year. The time and date will be unknown to the student and determined by the principal/athletic director or designee.

These restrictions and requirements shall begin immediately, consecutive in nature, unless a review appeal is filed following receipt of a positive test. Provided, however, a student who on his or her own volition informs (self-refers) the athletic director, principal, or coach/sponsor of usage before being notified to submit to a drug use test will be allowed to remain active in all activities covered under this policy. Such student will be allowed to remain active in all activities covered under this policy. Such student will however, be considered to have committed his/her first offense under the policy, and will be required to retest as would a student who has tested positive.

**C. For the Third Offense (in the same school year)**

Complete suspension from participation in all extra-curricular activities including all meetings, practices, performances, and competition for the remainder of the school year, or eighty-eight school days (1 semester) whichever is longer.

**V. Refusal to Submit to Drug Use Test**

A participating student who refuses to submit to a drug test authorized under this policy, shall not be eligible to participate in any activities covered under this policy including all meetings, practices, performance, and competitions for the remainder of the school year. Additionally, such student shall not be considered for any interscholastic activity honors or awards given by the school.
